In response to required species election, Applicant elects species a) set forth in the Office Action wherein the implant comprises any therapeutic agent. The claims readable thereon include Claims 10-29. In accordance with the Examiner's request, further election is made to the species of Claim 11, wherein the release modulator is a hydrophilic entity and the therapeutically active agent is a hydrophobic entity, and to the species from Claim 13 wherein the anhydrous solid structure of the implant is a particle.

If a telephone call will help expedite any aspect of the prosecution of the instant application the Examiner is encouraged to contact the undersigned at 415-781-1989, or by facsimile at 415-398-3249.

Respectfully submitted,
